AUTUMN/ WINTER 2026

# HIMBA

Himba Collection was born with the intention of creating essential pieces, designed to last. Contemporary design, noble materials, and attention to detail define every collection.

Inspired by geometry and the harmony between form and function.  
Each piece reflects a careful process, where craftsmanship and innovation coexist.  
We believe in honest design—one that respects time and resists the ephemeral.

We build our own language.  
Textures, volumes, and prints that speak for themselves.  
A collection created for those who value quality and authenticity.

A brand by María García de Jaime and Tomás Páramo, created to give new purpose to every forgotten garment.

Everything that ends, begins again.
