WEAR WHAT MAKES YOU HAPPY

DR.BLOOM is a team of women spreading art and color through fashion. It is a small family business founded by a mother and her two daughters.

We design dopamine fashion because color has the power to change your mood. We believe in creativity and its ability to shape a better world.

We produce in Europe, taking care of ethics throughout the entire production and sales chain.

Our commitment has always been to build an honest business and to foster long-lasting relationships with both employees and suppliers. We follow a responsible production model based on no overproduction and limited discounting.

We believe in the importance of physical stores, which bring life and personality to the streets of cities and towns. That is why we have grown through our own stores and, more recently, through multibrand retailers.

Deeply fresh and seriously fun :)
From Barcelona to the world since 2013.

◆ AW26 —

I want AI to do my laundry, not my art

AW26 celebrates what is made by hand,
what cannot be automated.

With one foot in nostalgia and the other in what we
now consider a luxury: unproductive time.

Contemplating a winter landscape, with blue skies,
green fields, and cows covered in polka dots.

And my grandmother's freshly made lemon
marmalade.

And toasted bread, and pastel-colored checks.

Thinking of ducks parading through the kitchen,
among ceramics and games scattered across the
floor.

Thinking of everything beautiful, imperfect, and
human.

Because it turns out there is something deeply
modern about doing things the old way.

So turn on the oven and turn off your phone,
winter is served.

A photograph of three fluffy yellow ducklings on a light-colored wooden floor. They are standing on a blue and white patterned blanket. One duckling is in the foreground, looking towards the camera. Two other ducklings are behind it, one looking to the left and one looking to the right. The text is overlaid in the center of the image.

A fashion photograph featuring two models against a plain, light-colored background. The model on the left has long, wavy red hair and is looking directly at the camera. She wears a light blue button-down shirt with a green and white geometric pattern, partially covered by a light grey knit vest. The model on the right has long, straight black hair and is leaning her head against the first model's shoulder, looking towards the camera. She wears a yellow and brown striped button-down shirt, partially covered by a yellow knit vest. Both models are also wearing wide, colorful knit shawls or scarves: the red-haired model's shawl has a brown, yellow, and grey border, while the black-haired model's shawl has a red, pink, and yellow border. The text 'COATS & JACKETS' is overlaid in a large, yellow, serif font across the center of the image, with 'FALL 26' in a smaller, yellow, sans-serif font below it.
